12 December 1957**FINDING AND DETERMINATION**

The United States Government proposes to acquire for public use, at an estimated cost of \$3,035.00, glass for five (5) 24" f/8 lenses (as described in letter from The Perkin-Elmer Corporation dated December 10, 1957), manufactured by the Jenaer Glaswerk Schott and Gen. Landshut, Germany, through The Perkin-Elmer Corporation under Government Contract No. NY-A-2130.

I find that the above-mentioned supplies are not manufactured in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

I, therefore, determine that the provisions of the Buy American Act (41 U.S.C. 10 a-d) are inapplicable to the articles described above or the purchase thereof and that same may be purchased without regard to said Act.

This Finding and Determination is made pursuant to authority vested in the undersigned as Contracting Officer for said Contract.

December 10, 1957

Dan:

Confirming our telephone conversation of December 6, we are requesting a waiver to the Buy American Act on our contract with you for five (5) each 24" f/8 lenses. Due to the urgency of this program, as was indicated by your letter of November 14, 1957, authorizing us to proceed, we have placed a purchase order (No. 13826) with [REDACTED] to obtain the glass from [REDACTED]. The total amount of this order is \$3,035.00. There is no known domestic source from which the glass needed can be obtained.
